

Wahoo Docks

We also have a Specifications Sheet ready for proposals, bids, requirements of building codes, etc.

Wahoo Docks is the premier manufacturer of low maintenance aluminum boat docks and gangways in North America for the past 20 years. Having pioneered the heavy-framed aluminum boat dock over a decade ago, we go to great extents to create the highest quality dock systems available while also creating a floating boat dock that will enhance your waterfront properties beauty and value. Creating a benchmark marine product, our floating aluminum boat docks are unparalleled in longevity and overall owner satisfaction.

We also have a large line of accessories available for your floating dock; contact us for more information.
